WE SAY 'THANK YOU'

May we express our sincere appreciation to our many friends for the support they have given us for the nine and one-half years we have been in business in Fruitland. It is our hope that whatever pleasant relationship you have had with our store will be continued without interruption. We will keep our home and continue to live in Fruitland but our business will be farming. These have been very happy years for our family and we hope for a great many future years in which to enjoy the friends we have here.

Mr. and Mrs. James H. Young

ANNOUNCEMENT

I have purchased the Young Grocery stock, fixtures and store building in Fruitland taking over on January 10th. For eight years I have served this community with the above firm, being manager of the business for the past two years. I am a stockholder in the Dependable Wholesale Company and this co-operative buying arrangement, which is nation-wide, gives me buying power equal to any in this territory—as a result prices will be right. IT WILL BE MY ENDEAVOR TO GIVE YOU THE BEST POSSIBLE SERVICE AND I SOLICIT YOUR PATRONAGE.

"AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE"

When Poor Old Richard wrote those oft-repeated words little did he dream how 20 years later they would be more literally true than they were when written.

VITAMINS DO PREVENT Not Only Colds, But Many Other Illnesses That Are a Direct Result of a Run-Down Condition . . .

But, do not get the idea that all VITAMINS are alike. Science has made rapid progress in the discovery of, and the segregation of various types of VITAMINS, some of which can be of inestimable value in certain deficiencies in diets and habits of living.

This Drug Store Specializes in Vitamins

and we are always glad to give our customers the benefit of the technical knowledge we have gained through our study of the different VITAMIN preparations which are available.

We Are Not Doctors—We Do Not Prescribe

When you are sick by all means see your doctor, and when he prescribes medicine for your particular ailment, be sure your prescription is filled by a competent registered pharmacist. We have two, C. W. Thurston and Geo. Sedlmayer.

Mrs. Carlson Washdays Aren't What They Used to Be!

KEEPING HOME LAUNDRIES IN GOOD REPAIR GIVES EXTRA TIME FOR WAR WORK . . .

There's no time now to spend the whole day washing and ironing clothes, Mrs. Carlson says. "I don't know what I'd do without my electric home laundry servants' speedy help . . . there'd never be time to help the war effort if they weren't on the job."

Right, Mrs. Carlson, . . . and it's important for every homemaker to KEEP those electric servants on the job by keeping them in good repair. No more electric appliances are being made now, because the materials in them are going into tanks and planes and guns these days. Check your electric servants carefully. You'll find most repairs are minor—the kind you can make yourself.
