"Thanks for the business the advertisement brought me last year," is the comment of E. V. Drury, of Emmett, relative to a classified advertisement placed in the Independent-Enterprise last year advertising slab wood for sale. Mr. Drury so appreciated the excellent results that he obtained that he is again running his advertisement in this paper. In comparison to the actual results from classified advertising the cost is small—10 cents per line the first insertion and five cents per line each subsequent insertion.

LEGALS
