LABOR MEETING NEXT FRIDAY

The labor situation has changed considerably since the last meeting of the Payette county producers, and it is necessary to call another one. The chairman of the Payette County Labor Association, Frank B. Arata, states that the meeting will be at the Fruitland high school, Friday, April 21, at 8:00 o'clock p. m. It is important that everyone be there to help iron out the problems before us.

With the labor situation as it is to achieve the best results and highest efficiency it has been suggested by all labor associations that wherever possible the local employer should house his transported labor on his ranch as this makes for his as well as his employees convenience, eliminating the travel to and from camp, the cost of gasoline and tires, and the elimination of dissastisfaction of the employees when talking to the other employees about his labor that day and what he expected tomorrow.

Word has been received from Ernest Vaughn, S 3/c to the effect that he was leaving this week for Pearl Harbor for duty with the U. S. Navy. Vaughn was formerly sheriff of Payette county.

ATTEND PRE INSTITUTE RALLY

Fifteen of the young people of the Payette Methodist church attended the pre-institute rally last Sunday afternoon and evening at the Methodist church in Nampa. E. R. Burkey and Mrs. William Lowe accompanied the group. The program consisted of a discussion on juvenile delinquency, led by Probate Officer Mortensen of Boise, colored slides of previous institute camps in Idaho, shown by Professor Harold Tucker and the cantata, "The Seven Last Words of Christ" presented by the senior choir of the Nampa church. Lunch was served by the ladies of the church and a social hour was enjoyed. Due to the gas situation the churches in Boise Valley will hold the summer institute camps at Quaker Hill near McCall instead of at Wallowa, Oregon.

Julia says— Give a Spring lilt to your menus

THE CALENDAR says it's Spring—so why not add some of Spring's fresh liveliness to mid-April meals?

Here are some suggestions that will show you what I have in mind—perhaps they'll give you some ideas for putting springtime into a dinner, this week.

I'd start the meal with a *Springtime Highball* of combined chilled fruit juices (canned, fresh, or leftovers, with a little lemon juice added).

Then I'd serve an *Early Spring Meat Ring* (use your favorite meat loaf recipe; bake in well greased 1½-qt. ring mold in moderate oven—350° F.—1 hour or until done; unmold, and serve hot or cold).

To fill this ring, I'd use *Deviled Creamed Potato Balls and Peas* (boil large white potatoes and cut into balls with melon cutter or spoon to make them look like new potatoes; cook enough peas to make two cups; make white sauce, adding 1½ tsps. mustard, ¼ tsp. paprika, ½ tsp. salt and ½ tsp. Worcestershire sauce, and pour over potato balls and peas. The potato trimmings, incidentally, are fine for later use, hash browned or in patties.

Alongside, I'd have *Harlequin Slaw* (toss shredded carrots and sliced celery in French dressing, and serve on crisp lettuce or water cress, topped with a dash of mayonnaise).

Served piping hot would be *Cloverleaf Biscuits* (divide the amount of dough for each normal biscuit into three parts, and lay them on the pan so they touch at the center, in cloverleaf fashion).

And to top off the dinner, a *Fresh Apple Gelatin Whip!* Here's the recipe:

1 pkg. lemon-flavored gelatin; 2 cups hot water; 2 cups coarsely shredded raw apple; ¼ cup lemon juice; ⅛ tsp. salt; 1 cup evaporated milk; ¼ cup sugar

Dissolve gelatin in hot water in large bowl; chill until thick and syrupy. Shred apple; add lemon juice as soon as apple is shredded, to prevent darkening; add salt. Freeze milk in refrigerator tray until ice crystals form along edge; beat with rotary beater until thick; add sugar gradually, beating until it holds peaks. Beat gelatin with rotary beater until light and fluffy. Fold in apple mixture and whipped milk. Chill. Makes 8 generous servings.
