While you read the classified ads of the Independent-Enterprise and wonder if the advertisements are worth the expense, others are reaping the profits. Those who realize the fact that Independent-Enterprise classified ads go into practically every home in Payette county do not hesitate to use this facility for securing the articles which they wish to buy, sell or trade. The expense is so trivial that it is hardly worth mentioning -- in fact you could not send your message into the same number of homes without an expenditure approximating \$25.00.

CHILDREN TO ATTEND SCHOOL

In all districts of this state, all parents, guardians, and other persons having care of children shall instruct them, or cause them to be instructed, in reading, writing, spelling, English, grammar, geography and arithmetic. In such districts, every parent, guardian, or other person having charge of any child between the ages of eight (8) and eighteen (18) years, shall send such child to a public, private or parochial school for the entire school year during which the public schools are in session in such district. Provided, however, that this Article shall not apply to children over fifteen (15) years of age, where such child shall have completed the eighth (8) grade or may be eligible to enter any high school

in such district, or where its help is necessary for its own use or its parents' support, or where for good cause it would be for the best interest of such child to be relieved from the provisions of this Article; Provided, further, that if a reputable physician within the district shall certify in writing that the child's bodily or mental condition does not permit its attendance at school, such child shall be exempt during such period of disability from the requirements of this Article. It shall be the duty of the superintendent of the school district, if there be such superintendent, and if not, then the county superintendent of schools, to hear and determine all applications of children desiring for any of the causes mentioned here, to be exempted from the provisions of this

Article, and if upon such application such superintendent, hearing the same, shall be of the opinion that such child for any reason is entitled to be exempted as aforesaid, then such superintendent shall issue a written permit to such child, stating therein his reason for such exemption. An appeal may be taken from the decision of such superintendent, so passing upon such application, to the probate court of the county in which such district lies upon such child making such application and filing the same with the clerk or judge of said court, within ten days after its refusal by such superintendent, for which no fee to exceed the sum of One Dollar (\$1.00) shall be charged, and the decision of the probate court shall be final. An application for release from the

provisions of this chapter shall not be renewed oftener than once in three months.

Don't WASTE PAPER Why to save it.... Food, blood plasma and shells are all PAPER-boxed! Many plane parts, helmet linings and camouflage strips are made directly from PAPER!--700,000 products needed at the front are either wrapped or made with PAPER! More and more, each year, PAPER has become important to Victory. This year there's a shortage of paper pulp, and scrap PAPER has become one of our most critical war materials. 1944 war needs have been set at 8,000,000 tons. Let's help raise it! How to save it: Save your old newspapers, magazines, cardboard, wrapping paper, bags, old books and all scrap paper! Help your local salvage committee by sorting your waste paper and bundling it according to the illustrations shown here. When you have about 100 pounds (a pile as tall as a broomstick), then contact your local salvage agency to pick it up!
