Red Cross Makes Large Shipments

Mrs. Bernard Eastman, production chairman of the Red Cross reports this week that local Red Cross workers have sent to the hospital 320 unfilled kits, 84 bedside kits, 42 men's pajamas, 60 men's bed jackets, 288 filled kit bags each containing twelve useful articles. This is only part of the winter quota. Mrs. Eastman said and more will be filled and sent soon. Mrs. Carl Korup reports there has been seventy-nine sweaters completed and shipped. Mrs. Eastman also announced the Red Cross sewing room will be open every Friday until further notice.

JESUS NAME CHURCH MOVES TO NEW PLYMOUTH

The Jesus Name church which held services for some time in a building on Third Avenue North across the street from the court house was moved recently to New Plymouth.

FARMERS CAN GET AMMUNITION

Shotgun shells and other ammunition, again are available to farmers for use in protecting their livestock, crops and other property against pests. War Production Board has released ammunition stocks, "frozen" since December 30 to farmers, ranchers and law enforcement agencies. Sales to sportsmen, however, still are prohibited.

Snake River Gem Club Meeting

The monthly meeting of the Snake River Gem club was held at the home of Mr. and Mrs. H. P. Pugh, on the evening of February 12.

Some beautiful fire opals were displayed by Mr. Cartwright, which were greatly admired by all present.

The feature of the evening was a talk by Mr. Pugh, who spoke of "The Towers of London." Mr. Pugh led his audience, in fancy, through the Towers, explaining some of the interesting exhibits to be found there. The ancient armor and weapons, the instruments of torture and the Crown Jewels were described so vividly that the audience could visualize their exact appearance.

Mrs. Pugh read a letter from their son, Francis, now in the Philippines, which included greeting to several members of the Gem club. The Pughs also showed interesting souvenirs sent home by Francis from New Guinea and the Philippines.

The next meeting of the Snake River Gem club will be held March 12 at the home of Mr. and Mrs. Earl Coates.

SHERIFF TAKES PICTURES OF DEER NEAR FRUITLAND

Sheriff Harold Gurnsey showed friends at the court house Monday some pictures he had recently taken of a wild deer in the Fruitland section.

The animal, an old doe he said, has been in the area on and near the Max Long place for several years. It makes its home along the Snake River Bank and feeds with the cattle in the pastures and fields nearby.

It has become more or less tame as it stood off at about one hundred feet and looked at him, the sheriff said as he took the picture.

GRANGE HOLDS REGULAR MEETING

The Orchard Avenue grange met last Friday for its regular business session with Ralph VanVerth presiding. Master Albert Harland was in charge of the program. The next meeting will be held at the Chapter house March 2.

MRS. MURPHY THANKS RED CROSS WORKERS

(Continued from page one)

ance and cooperation of the workers at Fruitland and New Plymouth who have contributed their quotas so faithfully making it possible to complete our shipment several weeks before the deadline.

To the loyal workers of the West Side we also extend thanks. We have had our ups and downs but once again Payette county has gone over the top.

Since the beginning this program in April, 1943, Payette county has made and shipped 542,600 dressings. Our last shipment of 116,400 dressings are all packed in waterproof bags and placed in cartons to be floated ashore.

All workers will be notified when another shipment arrives.

Mrs. E. H. Murphy, chairman.

CULLEN'S MEMORY WILL BE HONORED

(Continued from page one)

He was later stationed at Moses Lake, Wash., and Harvard, Neb., and it was from the latter place he left for overseas, Dec. 3, 1943.

He was credited with downing a German Messerschmitt 109 over Brunswick, Germany, and received the air medal, Oak Leaf cluster, citation of honor and the Purple Heart posthumously.

In civilian life he was a lover of nature, and of all the good things that we here in America have to enjoy in abundance and he often expressed himself in poetry.

He is survived by his mother, Mrs. Erma A. Robinette of New Plymouth; his father, Walter Cullen, Sr., and brother Walter William Cullen, both of Seattle, Wash.; his grandmothers, Mrs. Mary B. Dymoke of New Plymouth and Mrs. Lillian Cullen of Seattle; his great grandmother, Mrs. Mary Wilburn of Marshfield, Ore., and his grandfather, Jess W. Milligan of Ontario, Ore., besides his stepfather and a host of other relatives and friends.

He was flying his 22nd mission when lost in the North Seas. There were only two survivors from the plane's crew and one died from exposure.

VICTORY CREW PLANS DRIVE

(Continued from page one)

Parson, Bill Meehan, Carl Swanson, captains in charge of respective districts in the Payette area.

Col. Moss made a short talk reviewing the history of the Victory Crew and the excellent work that has been done and urged that all vacancies in various districts be filled by securing additional enlistments.

Brainard presented the group with samples of Workers' Aid kits, the total supply of which will be available to workers when the drive starts March 1st. Each kit consists of a large clip-type envelope, bearing the workers name and containing all of the material necessary for the worker, such as lapel pins, window stickers, membership cards, accounting records and Red Cross books of instruction.

Red Cross Slogan

The slogan for the 1945 War Fund adopted by the National Red Cross is, "Remember! It costs \$6.00 a second to keep Red Cross at his side." This slogan was adopted with the objective of establishing in people's minds that \$6.00 is approximately the amount involved per family if the quota is to be reached. On the basis of \$6.00 per second the quota for Payette county would carry the entire cost of operating Red Cross throughout the world for a period of only 15 1/2 minutes.

Brainard stated that every indication is that the quota will be reached and exceeded as have all other war quotas in the county, but urged that workers present to their respective families which they con-

tact, some of the paraphernalia taken from the workers' manual, which, after all, express far greater values than can be recorded in terms of dollars and cents.

In addition the national aspects of the Red Cross, a detailed report was given of the local activities that were carried on during 1944 in Payette county.

A report of Mrs. Dorothy Hanigan, chairman of Camp & Hospital committee, listed among other items davenport and other articles of furniture which had been supplied to the military hospitals in Boise and Mountain Home and at Christmas time the work of this committee was devoted to making Christmas gifts for servicemen in these hospitals.

The production committee under the chairmanship of Mrs. Bernard Eastman have met all quotas assigned for besides bags, kits, bed jackets, lounging robes and have filled fifty bags for soldiers as they embark.

First Aid was carried on under the chairmanship of Mrs. Cecil Swanson. The home Nursing Department under the chairmanship of Mrs. Dorothy Manser, conducted home nursing classes in the high school. The Disaster committee was under the chairmanship of J. R. McKinney, the committee being ready to act on short notice, had their services been required because of a flood or major disaster.

The Surgical Dressing committee under the chairmanship of Mrs. Ruth Murphy completed folding and shipping all quotas assigned.

Junior Red Cross work was carried on under the chairmanship of Mrs. May Gleim.

All of the above voluntary services were under the general chair-

manship of Mrs. Ione Whalen.

The most pressing responsibility during the past year has been that of the Home Service department under the chairmanship of Mervyn Lunstrum. The work of this committee has been particularly heavy because of the need for assistance to families of servicemen who are away, assistance directly to servicemen on furlough and passing through the territory, assistance to veterans who have been discharged from the service. Besides this, loans and grants have been made in keeping with needs of families, particularly those of servicemen.

Regularly monthly meetings of the chapter have been held throughout the year under the general chairmanship of John McMillan at which all of the committee work has been reviewed and authorized.

In reporting the meeting, Larry Brainard urged particularly that everyone assist the Victory Crew workers by making their contributions promptly and in as large amount as possible. The 200 members of the Victory Crew are not only contributing their own money contributions to the War Fund, but are also giving liberally of their time to make a complete coverage

of the county. They are due support and a vote of thanks not only for their work in connection with the Red Cross War Fund but because all war time quotas in Payette county have been exceeded.

Members of the Victory Crew in laying their plans, were very complimentary in their praise of the citizens of Payette county for their liberal support that members of the Victory Crew have been given in all their war activities.
