

*Time goes so quickly . . .*

Before you know it, the runty boy in knee pants has sprouted into manhood.

The freckle-faced girl in pigtails is a stately woman, walking to the altar on her father's arm.

The "baby of the family" is packing up for his first year at the University.

*Time goes so quickly . . .*

You know this to be true, but don't let yourself ever forget it.

*Keep it in mind*, particularly, every time you look at a crisp, new War Bond you've just bought.

Keep it in mind every time you count over the Bonds you own—the E Bonds with your name on them and your Uncle Sam's promise to pay you back \$4 for every \$3 in ten short years.

Before you know it, you'll be living in the time when those Bonds are coming due for their full value.

And you'll be doing the very things you dream of today as you put your money into Bonds.

You will—that is—if you've held on to your Bonds.

*Remember . . . Time goes so quickly.*
