Mr. and Mrs. Ellis Hartley of Payette and Mr. and Mrs. Glen Olsen and family of Oregon Slope were Sunday dinner guests of Mr. and Mrs. Mounie Olsen.

From where I sit...

by Joe Marsh

We had a real old-time church supper the other night. Bert Childers played the fiddle, and the ladies brought refreshments. Of course, we missed the boys who were away—but all in all it was mighty pleasant.

Only sour note was Doc McGinnis. "Shucks," says Doc, "we oughtn't to be enjoyin' ourselves when American soldiers are over there fightin' a war."

Now from where I sit, Doc's absolutely wrong. All of us are working overtime to help the

war. We've got our worries and troubles. It's a mighty good thing we can relax with a little wholesome enjoyment.

And I believe it's what the men over there would have us do... keep up the little friendly customs they remember—like the evening get-togethers, having a glass of beer with friends, and all the little pleasures they look forward to enjoying.

MAYBE... future cars with Glareless Lighting

BUT... OIL-PLATING YOUR ENGINE is like outdoing the future—today

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy winter oil drained. But get more than an oil change; adopt the major advancement of motor oil that OIL-PLATES—by getting Conoco Nth oil for your indispensable oil change this Spring. Conoco Nth motor oil adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in patented

Conoco Nth motor oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! Simply change to Your Mileage Merchant's Conoco Nth oil for Spring. Continental Oil Company

CONOCO Nth MOTOR OIL

BOISE PAYETTE says:
