Remember when you said "I Do..."

"To have and to hold ... to love and to cherish ... for richer for poorer" ... Remember?

Remember too, when Car Salesmen would do anything up to murdering your mother-in-law to get you to say, "I do ..." for a new car order? Remember?

Whether you be "richer" or "poorer" you'll probably again say, "I do" on a new car order. We hope it won't be too long now ... Are you thinking about it? We are.

In the meantime it will pay you to keep your present car PROPERLY SERVICED to insure a higher trade-in value on that future new car.

Dairymen are not Para-Troopers

... but the two have something in common

When para-troopers go into action, UNITY is the difference between success and failure. If they can group quickly and go into action as a strongly knit ORGANIZATION they'll likely gain their objective, strong though the opposition may be.

Well, UNITY is winning objectives for dairymen, too. Organized under the banners of their various Cooperative Creameries, Idaho dairymen have successfully supplied an enormous share of the vital Food for Freedom in spite of obstacles which could only be overcome by UNITY.

Idaho's dairy industry has a position to win and maintain in the post-war plan of things. Only "all-out" unity will do this job efficiently. That calls for YOU, and your dairyman-neighbor, to join your local Cooperative Creamery NOW and support it loyally in every aggressive and constructive move it must make to establish and protect YOUR interests.
