

## They Haven't Quit Yet... HAVE YOU?

Hitler and Hirohito haven't quit yet . . . not by a long shot. Why should they?

They know that a few battles lost . . . a half dozen retreats . . . don't mean defeat. They have no more conceded this war than *we* conceded it after Pearl Harbor or Bataan or Corregidor!

That's why this is no time for *us* to sit back and take it easy. Just because we seem to be winning is no reason for you to say: "The war's nearly over—and, anyway, I can't afford to buy an extra War Bond."

This War is a long way from over.

And can you really mean you "can't afford" to buy an extra War Bond? You ate last night, didn't you? And

slept in a warm dry bed? And you've got two whole legs to take you to your job . . . and two strong arms swinging at your sides!

Are you sure you're investing all you can in Bonds? Chances are you're making more money today than you ever did. What's more, goods are scarver, harder to buy.

So, sit down now and figure it out. Check the things you and your family *must* have. Necessities! Subtract that sum from your earnings . . . and you'll find that you *can* afford an extra \$100 War Bond this month. Maybe you can even boost it to an extra \$200 or \$300 over your regular pay-roll buying.

So get busy and buy that extra War Bond! The only thing you "can't afford" to do is to quit now!
