

Lynch Funeral Last Friday

James W. Lynch, pioneer resident of Payette county, was buried last Friday morning at New Plymouth, following services at the New Plymouth Catholic church with Rev. T. Halpin in charge and a vocal solo by Mrs. Bernard Eastman of this city.

With the passing of Mr. Lynch goes one of the prominent pioneers of Payette county, a man who was always interested in civic, fraternal and church affairs over a period of forty-six years. He was a graduate of a business college at Dubuque, Iowa and was president of the Farmers Bank in Platte county, Nebraska for fifteen years. He was a director of the New Plymouth State Bank, president of the Pioneer Improvement company, a member of the Woodmen's Lodge, president of the first Chamber of Commerce organized in New Plymouth and a member of the school board. He gave most generously of his time to everything of a community nature. He was a progressive farmer and orchardist and as such shipped the first carload of hogs, following the construction of the railroad into New Plymouth as well as the first carload of Delicious apples.

James William Lynch was born December 28, 1858 at Omaha, Nebraska. He was married at Platte Center, Nebraska, to Miss Phoebe Ella Phillips on September 12, 1894. Mr. and Mrs. Lynch were the parents of two children, Irl J. Lynch of North Hollywood, California and Delphine Elizabeth, now a resident of Salt Lake City, Utah. The two children and Mrs. Lynch survive. He was also survived by three sisters, Mrs. Kate Morris, of Long Island, New York; Mrs. Mary Gerrard and Miss Margaret Lynch, both of Columbus, Missouri.

WAR BOND DRIVE OPENS MONDAY

(Continued from page one)

ment—which means you and every other citizen—begins its Fifth War Loan drive. Our county's quota in this 16-billion dollar drive is \$400,000. We have faith that we shall meet this request and shall not be surprised if we exceed it.

"Day-by-day the war, and its costs in 'blood and tears,' is being brought more vividly home to the people of our county. More and more frequently those fateful messages, beginning 'The government regrets,' are being delivered to our county homes, signifying that some man (who so recently was one of us) has given his full measure of blood, his loss wringing the full measure of tears from the loved ones left behind.

"These messages are reports from the fronts are making us all more and more aware that the only possible way to stop the increasing flow of this bad news to our homes is to bring this war to a close as quickly as possible. There is no sudden way to end the war, but there is a way to hasten that end; to keep a ceaseless stream of supplies of every sort flowing to the battlefronts. The men getting those supplies will do the rest, and do it effectively and speedily. THEY HAVE NEVER LET US DOWN.

"Insofar as the invasion is concerned not a person on the home bases has the least doubt but that every man destined to take part in that invasion will meet his assignment with courage and determination. We are confident in that assurance. To fortify those men with an equal assurance that we at home are backing them to our utmost, we must meet this 16-billion-dollar war loan. This is our assignment for this invasion period.

"When we evaluate dollars along with what we expect our soldiers, our sailors and our marines to GIVE us, we feel a sense of shame that our government finds it necessary to emphasize that it is only asking us to loan—not give—this money; that such loans are really investments on which we shall receive good returns. What returns did we assure those marines who were moved down on Tarawa or the men due to be moved down on Europe's western coasts?

"We could not, we can not assure them they will return home, but, by meeting this war loan—to keep the sinews of war flowing to them and giving them every aid possible—we do assure them that the folks at home are backing them with every dollar they can muster for the cause. All of us must buy more War Bonds than we have ever bought before."

shovel or hoe. This will necessitate cutting these weeds every time that they have from two to three leaves upon them. After the plant has more than two or three leaves it starts to store food within its roots. Up to this time it is taking the food that it has stored up. A burning program may also be practiced. This can be done at the time that the plant has two or three leaves. These plants should be just wilted enough so that they will die. The two methods mentioned above will take from two to three years to eradicate the plant.

SEDLMAYER DRUGS

THE CHURCH IN THE JUNGLE

We are proud indeed that we are associated with an organization like Nash-Kelvinator. You who have Kelvinators can also feel proud that you have had a part in backing a factory, who along with their war work are putting out advertisements, that carry a message to all Americans, like this

"The Church in the Jungle"

I'm going up front now.

And if you don't mind, before I go I'd like to talk with you.

I won't ask you to intercede for me on the battlefield. I won't ask you to make things soft for me when the going gets tough. I won't ask you to carry me; I'll take the bitter and the rough along with the rest.

I ask only this . . .

If we must die, let us be worthy to die . . .

If we must fall, let our fall be not unnoticed and alone.

We know you understand . . .

And we know Joe's father and Pete's wife and Jack's brother and Bill's kids and Fred's girl and my mother understand . . .

But help the others back home to understand, too.

Help them to understand how much devotion to their jobs means to us . . .

Help them to understand that here in this green hell the enemy is not

a man but a devil . . . that if you sleep you sleep with your finger on the filed-down trigger of a tommy gun . . . that sudden silence is drowned by sudden sound and the earth quakes and forests topple and hills fall and all of us live and walk in the fear of death . . .

Help them to understand that in a world where all we see and touch and hear is strange, a man must cling to changeless things . . . his home . . . his country . . . and his God . . .

Help them to understand we will never change our hearts and souls and minds about the things we're fighting for.

No. Out here we fight for the right to come back to our homes, our America, our way of life . . . for the right of all men to live and grow in a world where every man may keep forever free from hatred, greed and tyranny—his home . . . his country . . . and his God. Amen.
