# BIG ONION SALE!

## FARMER CONSUMER CAMPAIGN ON DRY ONIONS

Here's the story. Why We Are Asking You to Buy — ONIONS. First this year's crop exceeds the average crop by five million bags. And that more than one half of this increase is in this western area. Second that the storage space now available is only ample for half of this crop of which means growers are facing the very serious problem of great loss to this much needed crop.
