

EIGHT 4-H CLUBS
HOLD MEETINGS

Girls And Boys
Busy With
Various Projects

Boys and girls of 4-H clubs throughout the county are all busy with various sewing, cooking and livestock projects, according to a report Monday by Gilbert Matson, county agent.

Meetings of clubs held during the past ten days include:

The Clover Blossom Sewing club met May 12 at the home of Barbara Watson. Eight members and the leader, Mrs. Carl Mogens, were present. The lesson was on judging canned vegetables, after which the girls discussed their scrap books. First year girls worked on aprons and second year girls worked on shorts. The next meeting of this group will be May 31.

Carlotta Mogens, secretary. The Clover Blossom Cooking club also met at the home of Barbara Watson, with ten members present. After the business meeting the group wrote out breakfast menus and discussed different menus for different people. Plans were made for cooking and serving a breakfast at the next meeting. The rest of the afternoon was spent working on posters.

Joanne Merritt, reporter. The Victory Sewing club met May 3 with their leader, Mrs. Lester Deshazer. Six members were present. This group will collect scrap paper several evenings a week after school. Plans were made to give a program of songs at a Grange meeting. After the meeting refreshments were served.

Martha Stearns, reporter. The Washoe Junior Livestock club held a meeting May 7 with nine members present. Record books were passed out, and the weight of the calves was discussed. The president, Jim Stearns, led the group in the club pledge and the meeting was adjourned. Refreshments were served.

Merle Leroy Knowles, reporter. The S. E. W. club met with their leader, Mrs. Floyd Banes, May 9. Eight members were present. One new member, Dorothy Brown, has been added. She will take Beginner's Sewing. The girls worked on their aprons a while, after which the meeting was adjourned.

Margaret Yost, reporter. The Junior Cooks met with their leader, Mrs. Pauline Reed, May 17. Five members were present, and one new member was added, Grace Lee, who will take first year work. Mrs. Reed gave the girls instructions on keeping their note books. Demonstrations were given on how to fry mashed, stuffed and fried potatoes, and how to make bread. After the meeting was adjourned refreshments were served.

Verna Sattgast, reporter. Twenty-two members of the Do-More Club met May 18 with their leaders, Mr. and Mrs. Paul Thompson. The meeting was called to order by the president and the club pledge was given. Roll call was answered by naming a favorite farm animal. It was decided to have a club tour, which will start at Durrington's June 17 at 1:30. The livestock members held a judging contest on cows, followed by a demonstration on a milk shelter by Wayne Durrington and Terrel Samuels. After the meeting, refreshments were served.

On May 17, the Stitch in Time club met with the leader, Mrs. Lester Deshazer at the home of Sigrid Gardener. Mrs. Deshazer showed the girls how to sew on bias tape and how to make flat, felt seams. Refreshments were served after the meeting.

Lois Rick is a new member of this club. She will take Beginner's work. Martha Stearns, reporter.

SUGAR BOWL
UNDERGOES REPAIRS

The Sugar Bowl operated by Mr. and Mrs. Archie Hodges was closed several days last week for repairs. When it reopened Saturday, the counter had been lengthened and lowered and the place had been redecorated in a modernistic design. The Sugar Bowl is one of the popular gathering places for young people of the town.

CARD OF THANKS

We wish to thank our friends and neighbors for their kindnesses during the illness and death of our wife, mother and daughter, also for the beautiful floral offerings.

STRAIGHT TALK ABOUT THE 7th WAR LOAN

THE 7th WAR LOAN

starts May 14. Americans as individuals are taking on their biggest quota to date—7 billion dollars, 4 billions in E Bonds alone.

You may be wondering, "Why this biggest of all individual quotas now? Haven't we already reached the peak?"

A fair question—requiring a straight answer.

The Money Is Needed for War

The Battle of Japan has just begun. It must be backed up, paid for, fought for by a free people, intent on sweeping the Pacific clear of fascist hate—forever.

With the war in the West our first and major concern, we have not yet been able to go all-out in the East. *But neither has the Jap.*

The war to crush Japan will be bigger, tougher, and longer than most Americans expect. The Allied Military Command has estimated that it will take years, not months.

The destruction of Japan's armies has not yet reached the annual rate of normal replacements—between 200,000 and 250,000 men a year. And the Jap, as our men in the Pacific know, fights to the death.

As far as Japan is concerned, the outer Empire—and the men who defend it—are expendables. The Jap will fight the Battle of Japan from inside the inner Empire, of which Iwo Jima was an outpost. And Iwo Jima, according to Admiral Nimitz, was a pattern of the resistance our forces may expect to meet in future offensives.

New Tasks, New Needs

The single greatest obstacle to our crushing of Japan is distance. While in the Battle of Europe supply ships from our bases in England had only an overnight run to make, ships in the Pacific have long-reach round trips taking up to 5 months to make.

To crush Japan will take time, heroic and back-breaking effort, overpowering equipment.

Millions of fighting men—freshly outfitted and equipped—will have to be moved from Europe halfway around the globe and supplied day-in, day-out by hundreds of new ships now building.

More of everything will be needed. More B-29's. More tanks, half-tracks, jeeps, and trucks. More rockets, mortars, airborne radar.

A whole new air force is in creation—huge new bombers dwarfing the Superfortress—fast new jet-propelled combat planes, the P-50 or "Shooting Star," coming off the lines by thousands.

These are just some of the 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster, make an end of killing, and bring our men back home.

And Lest We Forget

The sick, wounded and disabled will require medical attention and care.

Many millions of dollars will be required for mustering-out pay and benefits

voted by Congress to help our veterans get started again in civilian life. That's the least we can do in return for what they've done for us.

Winning the Peace

There are other weighty reasons for supporting the 7th War Loan—reasons that take us from the present to the future.

By investing in the 7th War Loan, the patriotic American is safeguarding his own future, his country's future.

By putting every dollar over rock-bottom expenses into the purchase of War Bonds, he is delivering a body blow to wartime inflation—thus putting a lid on the cost of living and maintaining intact the purchasing power of the dollar. At the same time, too, he is insuring the country and himself against the catastrophe of a possible postwar deflation—with its depression, unemployment, misery, and heartache.

So save for your country—save for yourself. In helping your country, you are also helping yourself! Come peace, we'll all need money for education, replacements, retirement, new homes, a new start—and we'll need a lot of it. And there isn't a better or safer highroad to your goal than United States Savings Bonds.

Making 2=3

This year there will be only two War Loan Drives, not three. But in those two drives the Government will have to raise almost as much money from individuals as in the three drives last year. That means bigger extra bonds in the 7th. Because only by buying more can we make 2 take the place of 3.

The 26 million Americans who buy bonds on payroll savings are already off to a flying start! These patriotic men and women began their buying in April. And they will keep on buying extra bonds through May and June!

It's now up to the rest of us. It's our turn to swing in line. To raise the vast sum needed every American will have to dig deeper into current income—dig deeper into cash reserves. Only by buying bigger extra bonds can we stretch 2 into 3!

Let all Americans do their part—for their own sake, for their country's.

If you have an income, whether from work, land, or capital, you have a quota in the 7th War Loan. Find out what that quota is—and make it!
