

ANOTHER WHITE STAR In Our A AWARD FLAG

This Coveted Award Flag, with an Added Star, may fly over our properties another year in recognition of outstanding production of High Quality Products and assistance in the war effort of Food Production.

To our regular employees, the men and women of Payette and surrounding cities and country, we are sincerely appreciative of your help which made this possible. To the farmers, business men and others, your full and whole-hearted cooperation was equally important. A full share in this award is merited by all who assisted in this work.

We are Now Beginning Another Season of EVEN GREATER IMPORTANCE than Last! Food will be Critical. We hope for Your Assistance.

IT IS STILL OUR WAR, OUR BOYS, AND OUR FAMILIES TO FEED!

WE NEED MORE HELP than last season to PUT UP A LARGER CROP. May we COUNT ON YOU TO PLAN A PART OF YOUR TIME TO HELP?
