

Released by U. S. War Department, Bureau of Public Relations.
THESE AIRBORNE TROOPS HAVE JUST LANDED—Here is an assembly point in Northern Luzon, P. I., where troops have come in from troop carriers and gliders carrying jeeps, field pieces and a trailer equipped with a long-range radio station.

Eye-glass Literature.
 In 1276 Roger Bacon published a book which gave the first description of how lenses can aid sight. From that time on frequent references to eyeglasses appear in the literature.

Vegetable Spoilage.
 Losses in selling fruits and vegetables because of spoilage or lowered quality are caused more often by faulty handling in the retail store than by carelessness in harvesting and shipping.

Grease Sticks

Promptness is essential in treating grease stains. Washable materials should be washed in soap and water, giving special attention to the grease spot. For non-washable materials, use a grease solvent such as carbon tetrachloride.

News Of Nearby Communities

WEISER

Many of the residential streets in Weiser are to be "dust proofed" with an oil coating this summer.

A committee of the Chamber of Commerce was to meet with negro porters who stop over in Weiser between runs as it had been reported that conditions were not very pleasant for the porters and there was a movement on among them to petition the railroad company to have a car placed on a siding for them to sleep in.

Supt. I. P. Patrick reports that he still has nine vacancies to fill in the city school system.

EMMETT

The Gem Rangers Saddle club has announced a pet parade for the down town streets of Emmett for Saturday, July 28.

An unusual gathering was held in Emmett last week when members of the 1915 graduating class of the Emmett high school held a reunion. Of the 19 members of the class, 14 were in attendance.

Fifty farmers and business men met at a Chamber of Commerce meeting at Emmett last week to outline projects for a bigger and better

community.

NYSSA

The electrical storm which visited the section last week started three range fires and did considerable damage to electric facilities in the area.

ONTARIO

Ontario will soon have feeder service connections with the Empire Air Lines, successor to the Bert Zimmerly Air Service Mayor K. A. Allen was advised last week.

We Are Pleased to Announce

Our Appointment as Agent for

The Occidental Life Insurance Co. of California

Since 1908 this office has provided the citizens of Western Idaho and Eastern Oregon with their fire, automobile, casualty and surety insurance. In order to provide a complete insurance service we now accept representation of this well known life insurance company, a company which not only writes life insurance in all its various forms but health and accident insurance as well.

The Occidental recently announced a new policy—The Junior Estate Policy—which we believe will meet the same acclaim in this territory that it has met elsewhere. This new Junior Estate Policy grows as your boy's needs grow **BUT THE COST REMAINS THE SAME. A \$1,000 life insurance policy which automatically increases to a \$5,000 policy at age 21. With such a policy, your boy or girl gets all these advantages:**

1. A practical, sound thrift program
2. A permanent insurance estate
3. No increase in cost at age 21
4. No further medical examination
5. Cash and loan values for emergency use

This exceptional policy is available for youngsters from date of birth and until they are ten years and six months of age. It is one of these policies pioneered by the Occidental.

As we have said before—**WE NOW HAVE A COMPLETE INSURANCE SERVICE** and will endeavor to live up to the reputation for service which has characterized this agency since 1908.

REMINDERS FOR THIS WEEK:

Burglary Insurance

—for furniture and personal effects in your home. This is vacation time. We have an exceptional burglary policy with a \$500.00 coverage for \$5.00 for one year or \$12.50 for three years. You can't afford to take a chance.

Workmen's Compensation

—to cover injury to your harvest hands, or those working in your fruit. This cost is low and such a policy may save you a law suit and judgment against you for injury.

Fire Insurance

—on your hay, grain or pasturage. You cannot afford to lose the result of your 1945 operation thru fire. Will your 1945 Profit and Loss statement show a red balance due to a fire and no insurance?

Automobile Insurance

—should be carefully checked as well as the mechanical condition of your car before you leave on your vacation trip. If, in your opinion, you cannot afford full coverage for the entire year, see us for complete automobile and injury coverages for that occasional trip.

LET OUR INSURANCE COMPANIES CARRY YOUR BURDEN AND DO YOUR WORRYING FOR YOU.
