BIRTHDAYS

Mr. and Mrs. Henry Moore were hosts at a joint birthday dinner Sunday in honor of Mr. and Mrs. Lewis Bean's birthdays. Besides the Bean family Mr. and Mrs. Jack Ogburn of Ontario were guests.

SUNDAY DINNER GUESTS

Mr. and Mrs. D. M. Cofield and

son of Notus were Sunday dinner guests of Mr. Cofield's parents, Mr. and Mrs. C. W. Cofield of the Oregon Slope. Later in the evening Mr. and Mrs. Don Srite and family were supper guests.

ENTERTAINS CALIFORNIA GUEST

Shirley Pence has been entertaining Sarah Lamont from Los Angeles. Miss Lamont is a cadet nurse at the Los Angeles County General hospital.

The girls enjoyed a stay at the Payette Lakes as guests of Mrs. Walter Pence and Mrs. Robert Thurston.

Popular Crops

Onions were the third most popular garden crop raised last year. Cabbage, however, gave them a run for their money. Cabbages were grown in 81 per cent of the farm gardens and onions were raised in 90 per cent.

Oxygen Masks

Oxygen improves night vision and for that reason night fliers in the U. S. army air forces use oxygen masks from the time they take off. Day fliers do not put on their oxygen masks until they reach altitudes of 10,000 feet.

WAR BONDS in Action

Signal Corps Photo

U. S. Treasury Department

FINED \$25 ON DRUNK CHARGE

William E. Scott, a transient was fined \$25 when he appeared before Acting Police Judge Helen Dun Monday morning and pleaded guilty to a charge of being drunk in a public place. The arrest was made Sunday by city police officers.

Baby Diapers

Ironing baby diapers is a waste of time and makes them less absorbent. When they are thoroughly dry, smooth them out and fold.

Keep From Children

Keep matches in tin containers and out of the reach of children.

Baptist Denominations

There are 21 Baptist denominations in the United States.

Pipe Bowls

The smoking pipe industry is turning to the roots of the mountain rhododendron and laurel and other shrubs and trees for pipe-bowl material. Mountain farmers in western North Carolina are grubbing up tons of "burls" and delivering them to nearby factories at \$20 a ton. A "burl" is an abnormal development on a plant, roughly equivalent to a botanical wart or callus. In the factories the burls are axe-cleaned, sawed into slabs and then into blocks for the bowls. Machines bore the bowl and rough-shape the blocks. Sanding, staining, polishing and stemming complete the process.

Cork Oaks 30 Feet High

Cork oak trees grow to 30 feet in height, and their trunks reach diameters of 3 or more feet.

TO THOSE WHO DON'T USE ELECTRIC COOKERY

"Believe you us, we've really discovered during wartime just what electric cooking means.

"Meals have been on time, because electric service is always ready. It hasn't been rationed — even the eastern "Brownout" was omitted in this territory. Then, too, electric ranges have lasted better than anyone ever thought they would. There seems to be no wear-out to them.

"When the Japs are licked, and ranges are on the market again, don't put it off — give yourself the privilege you've been missing all these years, the convenience, the dependability, the real enjoyment of electric cooking."
