WE TAKE PRIDE IN Our Service

Due to the rapid advance in the number of sales of Farm and Residential properties, it has been necessary for us to add another salesman, Joe Sneed to our organization. This step was necessitated in order that we could maintain our usual good service to our many customers. We take pride in the fact that we are able to furnish buy-

ers as well as prospective buyers with an excellent service in connection with every piece of real estate which we have listed. Among the many details given special emphasis are crop records, clean titles, financing and every kind of service a good businessman might require.

We Continue Our Old Policy

We have full confidence in our customers and for that reason we do not require that they sign the regular legal form of listings. Their word is their bond insofar as we are concerned. List your property with us now for immediate sale.
