NEW B. F. Goodrich PASSENGER TIRE OUTWEARS PREWAR TIRES!

New Passenger Car Tire with Safer-driving, Longer-mileage features

New, better Synthetic Rubber

Developed by B.F. Goodrich—it's far better than ordinary synthetic rubber. Helps the new tire run cooler, wear better. It resists cracking, bruising and damage from accidents better too.

16,800,000 Test Miles

Has more test background than any previous B. F. Goodrich tire. Extensive laboratory tests plus 16,800,000 miles of actual road tests—on taxi fleets, police cars, and the B.F. Goodrich test fleet—proved it outwears prewar, natural rubber tires!

MONTGOMERY WARD

What do I think of the servant situation?

Why, I haven't any servants!

That's what you think, lady.

Are you sure you've got the right house? We're the I. Budget Smiths. You're probably looking for the J. Tycoon Smiths, over on Golf Terrace.

No, Mrs. Smith, I mean YOU—

Well, something's wrong somewhere. I do all my own housework.

Not quite all, Mrs. Smith. You have some household appliances, haven't you?

Of course, but—

OF COURSE—that's the answer, Mrs. Smith. You DO have a servant, but you take that servant for granted. You've got a combination laundress, cook, cleaning woman, lamp-lighter, seamstress and entertainer—one who doesn't mind a few odd jobs like heating the bath water, guarding your food, fanning your fevered brow—

Oh, you mean ELECTRICITY—

Yes, Mrs. Smith, *electricity*—the universal servant who works 24 hours a day at low pre-war wages—and never asks for time off. Why, Mrs. Smith, your "servant situation" here in America is better than anywhere else in the world.

Near Nelson Eddy in "The Electric Hour," with Robert Armstrong's Orchestra. Every Sunday afternoon, 4:30, EST, CBS Network.
