### When Grandpa Was a Boy

he spent most of a Saturday going to town and back in a buggy. We can pretty nearly span the continent in that time now.

The horse and buggy are gone; the rail fence is gone, but human nature is still much the same. In these days, as in those, friendships count in business.

We are proud of our long list of friends on this New Year of 1946—a list that has been growing steadily with the years—and want to express this word of thanks as we send you our New Year greetings.
